MOTION TO INTERVENE OF CITIZEN POWER, INC.

Citizen Power, Inc., ("Citizen Power") hereby respectfully moves the Public Utilities Commission of Ohio ("Commission"), pursuant to R.C. 4903.221 and Section 4901-1-11 of the Ohio Administrative Code, to intervene in the above-captioned case, with the full powers and rights granted by the Commission specifically, by statute and by the provisions of the Ohio Administrative Code to intervening parties.

Citizen Power is a not-for-profit research, education and advocacy organization (i.e. under Section 501 (c) (3) of the U. S. Internal Revenue Code), with offices in Ohio and Pennsylvania. A more detailed description of Citizen Power, the reasons for its intervention, and why such intervention should be granted by the Commission are set forth in the Memorandum in Support.

Respectfully submitted,

Theodore S. Robinson

MEMORANDUM IN SUPPORT

Citizen Power respectfully submits that it should be permitted to intervene in this matter according to R.C. 4903.221 and the Commission's Rules and Regulations contained in Section 4901-1-11 of the Ohio Administrative Code. Moreover, Citizen Power should be permitted to intervene with the full powers and rights granted by the Commission specifically, by statute and by the provisions of the Ohio Administrative Code to intervening parties.

Citizen Power, Inc. is a not-for-profit research, education and advocacy organization (i.e. under Section 501 (c) (3) of the U. S. Internal Revenue Code), with offices in Ohio (at 2424 Dock Road, Madison, Ohio 44057), and Pennsylvania (at 2121 Murray Avenue, Pittsburgh, Pennsylvania 15217). Citizen Power has established an Energy Education Project with the primary mission of promoting energy policies that protect the environment and low-income customers. David Hughes is the Executive

Director of Citizen Power, Kelli O'Neill and Ronald O'Connell are Directors of Citizen Power, and each is a customer of The Cleveland Electric Illuminating Company, an operating company of FirstEnergy.

Citizen Power has a long history of involvement in electric regulatory matters. In the period from 1986 through 1989, Citizen Power, then known as "Concerned Citizens," intervened in the Perry 1 and Beaver Valley 2 investigations concerning the prudence of the construction costs for the two nuclear power plants, and the case concerning the base rates of Cleveland Electric Illuminating Company. Citizen Power also intervened before the FERC in the FirstEnergy merger case (Docket No. ER 97-413). Furthermore, Citizen Power was granted intervention and actively participated in the FirstEnergy Transition Case before this Commission (Case Nos. 99-1212-EL-ETP, 99-1213-EL-ETP, and 99-1214-EL-ETP), the FirstEnergy ESP Case (Case No. 08-935-EL-SSO), and the FirstEnergy MRO Case (08-936-EL-SSO).

Citizen Power has a direct, real, and substantial interest in this proceeding. The above-captioned proceeding concerns an application by The Ohio Edison Company, The Cleveland Electric Illuminating Company, and The Toledo Edison Company ("the Companies") for the approval of a Market Rate Offer ("MRO") which would set a process for procuring standard service offer ("SSO") electric generation service starting on June 11, 2011. The Commission's decision in the case could have a substantial impact on the electric rates paid by the Companies' customers, including the many low-income customers that are already struggling to pay their bills during these difficult economic times. As a non-profit organization dedicated to, among other things, promoting the availability of reliable electric service at a reasonable cost and protecting low-income

residential customers; the interests of Citizen Power may be “adversely affected” by these proceedings, satisfying the intervention standard in R.C. 4903.221.

Citizen Power also meets the standard for intervention under R.C. 4903.221(B), which provides that the Commission shall consider in ruling on an intervention application:

- (1) The nature and extent of the prospective intervenor’s interest;
- (2) The legal position advanced by the prospective intervenor and its probable relation to the merits of the case;
- (3) Whether the intervention by the prospective intervenor will unduly prolong or delay the proceeding; and
- (4) Whether the prospective intervenor will significantly contribute to the full development and equitable resolution of the factual issues.

First, as evidenced above, the nature and extent of Citizen Power’s interest in these proceedings are substantial. The result of these proceedings may have a significant impact upon the rates paid by the Companies’ customers, including many low-income customers. Second, Citizen Power’s legal position is that electric rates should be reasonable and that the process used to determine them should be designed to obtain the lowest possible rate for generation service. Third, the intervention of Citizen Power will not unduly prolong or delay the proceeding. Fourth, Citizen Power will contribute to the just, equitable, and expeditious resolution of the issues that are raised in these proceedings.

Citizen Power also meets the standard for intervention under Section 4901-1-11(B)(1)-(4) of the Ohio Administration Code, which is almost identical to the criteria under R.C. 4903.221(B). Ohio Adm. Code 4901-1-11(B)(5) states that the Commission shall consider the “extent to which the person’s interest is represented by existing

parties.” While Citizen Power does not concede the lawfulness of this factor, Citizen Power submits that no current party represents its interests. In addition, it is the stated policy of the Commission to encourage the broadest possible participation in the proceedings before it.

For the reasons stated above, Citizen Power requests the Commission grant Citizen Power’s motion to intervene.

Respectfully submitted,
